April 2013

Oklahoma International Exhibition of Photography

Sponsored and Conducted by :

Oklahoma Camera Club, Inc.

The club successfully judged the 48th Oklahoma International Exhibition April 22 & 23 with the help of a lot of club members. Each Chairperson handled their responsibilities with ease (at least, Jaci and I thought so); thank each of you for your professional support. Likewise, many club members provided support for conducting the judging, beginning with preparing each room for judging, the furnishing of refreshments for the two days of judging, through clean-up following the judging activities - Thank You!!!

We would like to recognize the two key individuals that contribute greatly to the exhibitions success, **John Key and Wally Lee, APSA, EPSA**; this judging would not have happened without their support. John, as Data Coordinator, receives and prepares all of the digital images we receive for judging, prepares the judging results for placement on line along with whatever else comes his way throughout the judging; Wally, as Secretary and Treasurer, handles the correspondence along with issuing the report cards to all of the entrants. Wally is currently preparing the exhibition catalog for placement on line for access by all, along with the preparation and distribution of printed copies required by the various divisions judged. And, yes, I am sure I missed many other support activities handled by John and Wally; Jaci and I sincerely appreciate their help.

A number of club members and skilled photographers from around the country made the journey to Oklahoma City to provide the expert judging required by an exhibition of this size; we received approximately 3500 entries from around the globe.

The results of the judging are located on the club's website,

www.oklahomacameraclub.com .

New Club Workshop

Garline Wheatley initiated a new workshop focused on the basics of Photoshop for beginners, and members who need to review the basics, meeting the first Thursday of the month; the first meeting was conducted last week.

Garline presented a professionally prepared video with introductory information; she plans on continuing this format with opportunity for discussion following the video as time permits.

All members are welcome; if you were not able to make the first meeting, plan on attending the next meeting - please assist Garline by letting her know if you would like to attend, this helps with planning. Doug

Note: This workshop will only address Photoshop; it will not delve into Lightroom, video, plug-ins or Elements.

Revamping Club Website

Jaci Finch, APSA, club Webmaster, request your help with the revamping of the club's website.

Slice, April 2013

The Magazine of Central Oklahoma

Club Member **Mark Henke's** images are featured in the April edition of **Slice** magazine. Mark reports that *Slice* advertised looking for weather photos of central Oklahoma; *why not help them out, free publicity*. He entered through their website, shortly receiving an email response that they were uploaded, but never received a notice of being published.

Jaci and I frequently pick-up a copy of **Slice** at restaurants; we brought the April edition home finding Mark's weather images. While I could say *surprised*, but *pleased* would be a better choice. Of course, I immediately sent an email to Mark requesting copies and information; as Mark had not received a copy of *Slice*, our request surprised him. **Congratulations Mark; we take great pride in your continued success.**
